

# TIGHT LINES

July 4, 2021 - Volume 8, Issue 30

**Wishing You a Happy & Healthy 4th of July!**

## *For your summer reading...*

Many thanks to Mona Brewer for sending in the following article by Nick Roberts whom some of you will remember from the fly tying classes he taught for the Bonnies.

His article, ***It's All Home Water: The Bahamas***, appears on the home page of the Patagonia website and is an incredible reminder of the challenges still facing our friends and guides in The Bahamas after the devastation of fishing habitats by Hurricane Dorian.

The pictures included with the article are stunning. Check out the article and learn how you can help by clicking [here](#).
